Transport Box CL 440

PACK & GO.

Light, yet rigid transport and storage boxes, superior in safety and economical in use, everywhere if no stackability is necessary.

Use for mobile applications, when safe packing and storage is crucial while transportation of your precious tools or equipment.

The boxes are available in 5 standard sizes + in custom sizes on request.

This range offers universal transport and storage boxes for a wide variety of applications.

The CL 440 range comprises 5 models. Capacities range from 29 to 140 liters. If one of these does not fit your requirement, we can make to your size.

Your advantages in detail - technical specification:

- Quality, durable aluminium box. 1.0 mm aluminium sheet material on all sizes, light and rigid by design.
- 5 standard available sizes, offering options for storage and transport. Special sizes can be made to order.
- Aluminum profile safety spring handles with plastic molded grip.
- Flat lid spares storage space and provides easy loading and unloading even space is limited.
- Toggle lock made from aluminium/stainless steel - 40mm wide. Corrosion resistant, prepared for cylinder lock, lead seal and padlock, up to shackle thickness 6 mm.
- Corrosion resistant hinges with hinge damage prevention.
- All around reinforcement ribs and additional corner ribs depending on size.
- High-strength welded joints. Gap-free load-bearing dot welded overlap joint of the body sheet.
- Rubber sealing profile in the upper rim for ingress protection against dust and water.
- All riveted joints with sealed blind rivets.
- 2 lid straps, 20mm wide, ends sealed to avoid fraying. Fastened with oversized-head rivets to prevent ripping out.
- 95-100° opening angle of the lid.
- Removable protection foil on the lid to protect the box against scratches.
- IP 54 standard design

Strength hidden in details, materialized as a whole – Transport Box CL 440

YOUR ADVANTAGE: LIGHT AND ECONOMICAL IN USE

Many offer products. We deliver solutions. Solutions with all details designed for fulfilling.

Nothing less and nothing more, that's the substance of our products.

Accessories

TO COMPLETE YOUR BOX INTO A PACKAGING SOLUTION

We offer not only empty boxes but also a range of useful accessories.

Internal divider

We offer adjustable aluminium divider panel sets for the boxes 47, 90 and 91 liters, consisting of

aluminium partition walls and struts. They quickly and simply help adjusting the box's interior to whatever you are transporting or storing.

Cylinder locks - lock sets

The design of the toggle locks enables fitting of locks that assure safety of sensible contents.

Lock sets are available keyed alike only in the set for one box or the complete ordered series keyed alike.

Foam inlets

Special inside inlets. Soft foam inlays made of open-celled PU foam, ready cut to shape. The quick and simple

solution for individual units or small batches stored in the box.

Document holder

A/4 or A/5

Document holders made of aluminium profiles are put in the inside of the lid on request for storing accompanying documentation of the content like packing lists, etc. They are available in A/4 and A/5 formats.

Available sizes in the range Transport Box CL 440
