

Apply adhesive whenever, wherever, with an ultra-compact hand-held applicator.

DOT n GO®

Apply an invisible bond whenever and wherever needed – without any dry time, electricity, training or maintenance – with the ultra-compact Dot N' Go® hand-held applicator. Pocket-sized and easily transported, this applicator is preloaded with instant-bonding Glue Dots® Brand Adhesives, making any job requiring fast and cost-effective adhesive application efficient and affordable.

Well-suited for tight work spaces, on-site package repairs or everyday office use, the Dot N' Go was designed for simple but effective and precise adhesive application. This handy applicator is an excellent choice for short-term or daily projects. Other Dot N' Go features include:

- Ultra-compact, durable design allows use in any environment
- Versatile and user-friendly, no training required
- Preloaded with adhesive, instantly ready for use
- Available in permanent and removable formulas

Using the Dot N' Go is incredibly easy and requires no training. Simply remove the nose cover, press the nose down onto the substrate and while applying minimal pressure, pull the applicator towards you. This allows you to quickly apply an exact amount of adhesive to a specified location.

Preloaded with up to 450 adhesive patterns, the Dot N' Go is a one-time applicator – use all the adhesives provided and dispose of the applicator when done.

Ideal for repairing hot melt failure, everyday office use and post-press assembly, the Dot N' Go and Glue Dots Brand Adhesives combination is a popular alternative to double-sided tapes, liquid glues and hot melts. Glue Dots products are also a preferred solution when other adhesives prove to be messy, ineffective or difficult to use.

Dot N' Go® Applications

Food & Beverage

Repack or repair hot melt failures & reverse logistics

Everyday Office Use

Assemble business presentations, assemble sales kits & secure samples and business cards

Printing, Post-Press & Mail

Attach promotional items & gift cards, close brochures or use as an alternative to double-sided tapes

The right adhesive solution for your application.

Established in 1997, Glue Dots International (GDI) forever altered the adhesive industry when it launched the unprecedented pressure-sensitive, preformed adhesives product line globally known today as Glue Dots®.

With the most pressure-sensitive adhesive pattern experience in the industry, GDI can help you find the right adhesive and application equipment solution to meet your specific needs.

Our experienced account managers and engineers are available to provide adhesive recommendations based upon your application. Sample adhesives may be supplied for testing.
