

HYDRAULIC COMPONENTS

Systems for endurance, burst and pulsating stress tests, with rotation and bend according to the following regulations:

SAE J343: Square-wave impulse

ISO 6803 – ISO 6605

ISO 6772: impulse with peak

ISO 8032 (half Omega) Impulses with bending

SAE J1405 impulses with bending

ISO 6802 (Omega)

SAEJ343

DIN20024

ISO7241/2

ISO1402

Test benches for elongation, volumetric expansion, volumetric dilatation test and based on customer specific request.
