

- Common mode inductors for EMI mains line
- Excellent common mode interference suppression
- Good differential mode filtering against symmetrical interference
- High insulation between windings
- Excellent performance/dimensions ratio
- Other values on request
- Available in Design kit (see on <https://www.itacoilweb.com/portfolio/inductors-design-kit/>)

Code	Nominal Inductance ¹	Minimum Inductance ¹	Stray Inductance typ ¹	Nominal Current ²	Typical DCR ³	Mains Rated Voltage	N1/N2 Dielectric strength
