

IK-93 HAWK

Portable Gas Cutting Machine

High Quality Multi-purpose Cutting

The IK-93 Hawk gas cutter is a portable gas cutting apparatus developed primarily for the purpose of high quality straight line, hand guided cutting. In addition to featuring high cutting quality, it also demonstrates unprecedented smooth operation and mobility. Designed with the emphasis on ease of operation, the trigger is placed higher to facilitate use at the inside or outside radius of curves and the unit features a convenient speed adjustment dial. The IK-93 Hawk allows travel in both forward and reverse directions.
