

Metal Wire

HUANGANG FENCE

Galvanized Wire

U Type Wire

Straight cut iron wire

Loop tie Wires

Black Annealed Wire

Common nails

Stainless steel wire

PVC coated iron wire

Galvanized Iron Wire

| | |
|------------------|--|
| Specification | 0.5mm-6.0mm |
| Tensile Strength | 300-400 Newton per square millimeter |
| Elongation Rate | 10% - 25% |
| Weight/Coil | 0.1kg-800kg/coil |
| Packing | plastic film inside and pvc weaving bag outside plastic film inside and hessian cloth outside |

PVC Coated Iron Wire

| | |
|---|------------------|
| Core Diameter | Outside Diameter |
| 1.0mm-3.5mm | 1.4mm-4.0mm |
| BWG.11-20 | BWG.8-17 |
| SWG.11-20 | SWG.8-17 |
| Note: PVC Coating: 0.4mm-0.6mm | |
| Tensile strength: 30-55kg/mm ² | |
| Color: Green, Blue, yellow, orange, gray and so on | |
| Packing: lined with PVC strips and wrapped with PVC or hessian cloth | |
