Moto Box CM 445

PACK & GO ON- OR OFF-ROAD.

Lightweight, rigid and water- and weatherproof Pannier Boxes and Topcases made of 1,2 mm aluminium sheet, designed and manufactured for motorcycles. The Pannier Boxes type 32, 36 and 41 liters are symmetric and intended to attach to both left and right side of the motorcycle. The Topcase type 35 liters is to be mounted on the rear of the motorcycle.

Robust and solid boxes, providing storage, protection and safety for all the supplies of a motorcyclist on road journeys or off-road.

The CM 445 range comprises 3 Pannier Boxes, capacities ranging 32, 36 and 41 liters, as well as 1 Topcase with 35 liters capacity.

Your advantages in detail - technical specification:

- Quality, durable aluminium box. 1.2 mm aluminium sheet material on all sizes, light and rigid by design.
- Aluminium profile safety spring handles with return spring and plastic molded grip on the lid, fitted with sealed blind rivets.
- Flat lid with removable protection foil protects the lid of the box against scratches.
- Toggle lock made from aluminium/stainless steel - 40mm wide. Corrosion resistant, prepared for optional cylinder lock, fitted with sealed blind rivets.
- Corrosion resistant piano hinge, fitted with sealed blind rivets.
- Waterproof. All internal joints sealed with silicone coating, provides a water- and weatherproof box.
- Gap-free, load-bearing, dot welded overlap joint of the body sheet.
- Rubber sealing strip profile in the upper rim for ingress protection against dust and water.
- All riveted joints with sealed blind rivets.
- Lid strap, 20mm wide, ends sealed to avoid fraying. Fastened with oversized-head rivets to prevent ripping out.
- The body sheet of the Topcase is reinforced with an all-around reinforcement rib and additional corner ribs.
- 100-110° opening angle of the lid.

Strength hidden in details, materialized as a whole – Moto Box CM 445

YOUR ADVANTAGE: LIGHTWEIGHT, RIGID, WATERPROOF

Many offer products. We deliver solutions. Solutions with all details designed for fulfilling.

Nothing less and nothing more, that's the substance of our products.

Handles

Aluminium profile safety spring handles with return spring and plastic molded grip on the lid, fitted with sealed blind rivets.

Flat lid with removable protection foil

Protects the lid of the box against scratches.

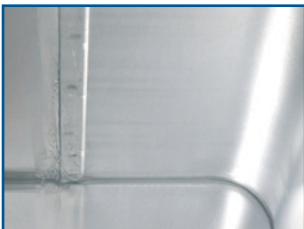

Piano hinge

Corrosion resistant piano hinge, fitted with sealed blind rivets.

Toggle lock made from aluminium/stainless steel - 40mm wide. Corrosion resistant, prepared for optional cylinder lock, fitted with sealed blind rivets.

Waterproof

All internal joints sealed with silicone coating, provides a water- and weatherproof box.

Lid strap

Lid strap, 20mm wide, ends sealed to avoid fraying. Fastened with oversized-head rivets to prevent ripping out.

Sealing strip

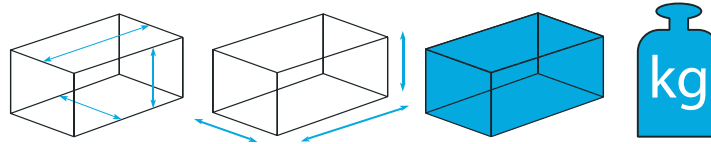

Rubber sealing strip profile in the upper rim for ingress protection against dust and water.

High-strength welded joints

Gap-free, load-bearing, dot welded overlap joint of the body sheet.

Available sizes in the range Moto Box CL 440

Type	Item number	Internal dimensions mm (LxWxH)	External dimensions mm(LxWxH)	Volume (l)	Weight	BOX TYPE

Accessories

Cylinder locks - lock sets

The design of the toggle locks enables fitting of locks that assure safety of sensible contents.

Lock sets are available keyed alike only in the set for one box or the complete ordered series keyed alike.

IMPORTANT NOTE!

The motorcycle boxes are produced as mere boxes. They do not include attachments for the boxes to be fitted on a motorcycle. All subsequent installation and settings are exclusively at the user's task and risk. We are not liable for any damage caused during the installation of a motorcycle box to a motorcycle by the user.
