Economy Box BA 340

ALSO FOR YOUR TOOLS

Lightweight boxes in remarkably firm construction, made from 0.8 mm aluminium sheet, intended for everyday transport and storage tasks, where the economical use matters.

The boxes are available in 5 standard sizes + in custom sizes on request.

This range offers an aluminum box for the most economical uses, for your everyday storage and transport tasks.

The BA 340 range comprises 5 models with capacities ranging from 29 to 140 liters. If one of these does not fit your requirement, we can make to your size.

Your advantages in detail - technical specification:

- Lightweight aluminium box in remarkably firm construction. 0.8 mm aluminium sheet material on all sizes.
- 5 standard available sizes, offering the most economical aluminium box for everyday use, like transport and storage.
- 2 lid straps, 20mm wide, ends sealed to avoid fraying. Fastened with oversized-head rivets to prevent ripping out.
- Corrosion resistant hinges with hinge damage prevention.
- Aluminum profile safety spring handles with plastic molded grip.
- Toggle lock made from aluminium/stainless steel - 40mm wide. Corrosion resistant, prepared for cylinder lock, lead seal and padlock, up to shackle thickness 6 mm.
- All around reinforcement ribs and additional corner ribs.
- High-strength joints. Gap-free load-bearing, tox riveted overlap joint of the body sheet.
- Rubber sealing profile in the upper rim for ingress protection against dust and water.
- Riveting. Lid profile and vertical joints are tox riveted, all other joints are finished with blind rivets.
- 95-100° opening angle of the lid.
- Removable protection foil on the lid to protect the box against scratches.

Strength hidden in details, materialized as a whole – Economy Box BA 340

YOUR ADVANTAGE: MOST ECONOMICAL APPLICATION

Many offer products. We deliver solutions. Solutions with all details designed for fulfilling.

Nothing less and nothing more, that's the substance of our products.

Handles

Aluminium profile safety spring handles with return spring and plastic molded grip.

Riveting

Lid profile and vertical joints are tox riveted, all other joints are finished with blind rivets.

Ribs

All around reinforcement ribs and additional corner ribs depending on size.

Toggle lock made from aluminium/stainless steel - 40mm wide.

Corrosion resistant, prepared for cylinder lock, lead seal and padlock, up to shackle thickness 6 mm.

Protection foil

Removable protection foil on the lid to protect the box against scratches.

Hinges

Corrosion resistant hinges with hinge damage prevention.

Sealing strip

Rubber sealing strip profile in the upper rim for ingress protection against dust and water.

Lid straps

2 lid straps, 20mm wide, ends sealed to avoid fraying. Fastened with oversized-head rivets to prevent ripping out.

High-strength joints

Gap-free load-bearing, tox riveted overlap joint of the body sheet.

Accessories

TO COMPLETE YOUR BOX INTO A PACKAGING SOLUTION

We offer not only empty boxes but also a range of useful accessories.

Internal divider

We offer adjustable aluminium divider panel sets for the boxes 47, 90 and 91 liters, consisting of

aluminium partition walls and struts. They quickly and simply help adjusting the box's interior to whatever you are transporting or storing.

Cylinder locks - lock sets

The design of the toggle locks enables fitting of locks that assure safety of sensible contents.

Lock sets are available keyed alike only in the set for one box or the complete ordered series keyed alike.

Foam inlets

Special inside inlets. Soft foam inlays made of open-celled PU foam, ready cut to shape. The quick and simple

solution for individual units or small batches stored in the box.

**Document holder
A/4 or A/5**

Document holders made of aluminium profiles are put in the inside of the lid on request for storing accompanying documentation of the content like packing lists, etc. They are available in A/4 and A/5 formats.
