

**⊕ HIGH SPEED AUTOMATIC SERVO DRIVEN
 BAG-MAKER WICKETER BM 250 W-EL 800**

The machine has been designed to optimize the capacity, due to the high speed, and make easier, the subsequent use of bags on automatic filling packaging.

The line is suitable for production of different kind of HDPE-LDPE-LLDPE-PP wicketed bags as:

- ✓ Diapers & Hygiene bags
- ✓ Grocery products bags
- ✓ Bakery products bags
- ✓ Chicken round bags
- ✓ Freezer bags
- ✓ Zipper bags

MODEL		BM 250 W - EL 800/6	BM 250 W - EL 800 / 8
Side sealing		6 R. A.	8 R. A.
Useful sealing width	mm	750	750
Cycles /min.	n/1'	200 (L = 600 mm)	300 (L = 400 mm)
Feed min.	mm	100	100
Feed min.	mm	600	400
Bags per bunch	max.	250	250
Max film speed	m/1'	120	120
Compressed air	L/min	600	600
Installed power	Kw	27	27

Motorized Un-winder unit 1200 mm wide, suitable for reels up to 800 mm, with a constant tension through an high sensitivity compensator section.

Automatic edge guide 1200 mm and In Line "V" triangle unit 1200 mm

Automatic Servo driven BAG-MAKER BM 250 - W - EL 800 6/8

- ✓ Servo motor - brushless drive for material feeding.
- ✓ Close circuit water cooling pump for sealing unit
- ✓ Side sealing head with temperature control, rotation by Servo motor - brushless drive
- ✓ Efficient Sealing unit - turnover system for a quick & easily cleaning operation.
- ✓ Servo motor - brushless drive combined with Gearbox for machine speed.
- ✓ Intelligent Electronic eye (photocell) with different program selection in order to reach proper reading according material and different colours
- ✓ Antishock antistatic bars - high capacity with suitable generator combined with special Thunderion bars on wicketer collection area.
- ✓ High speed pneumatic round punching unit.
- ✓ Rotary arms with wacuum system (available with 6 and/or 8 arms) with servomotor brushless for speed control.
- ✓ Coloured Siemens 8" LCD Touch screen for working parameters, setting datas and alarm diagnostics.
- ✓ Orders scheduling: possibility to store and to retrieve production recipes, for quick insertion of machine setting.

• Motorized Un-winder unit

• Coloured Siemens 8" LCD Touch Screen
