

Resin Slab Treatment Line

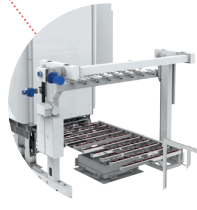

INTELLIGENT RESIN SLAB TREATMENT LINE WITH
AUTOMATIC RESIN APPLICATION

Automatic resin application

Slab scanning

Slab labeling

Key Benefits

- ▶ Gumming capacity 80 slabs/8 hrs
- ▶ Natural crack lines reading
- ▶ Intelligent dehumidification system
- ▶ Automatic resin application by CNC robot
- ▶ Pallet control system by computer
- ▶ Power saver

Aplicações

- ▶ Limestone
- ▶ Travertine
- ▶ Marble
- ▶ Other materials

Capacity

Modular system for better adaptation each plant needs.
