## Flexi-Trolley 600 [AGT36]

The Flexi-Trolley 600 is a highly versatile glass carrier that makes transporting plate glass a one-man job.

With a flexible length up to 2000mm and four different height positions, the Flexi-Trolley 600 is designed to carry a broad variety of glass sizes and thickness weighing up to 600kg.

The Flexi-Trolley 600 is lightweight and quick to assemble, making it easy to transport and stow away. Shock absorbing 200mm diameter wheels can work over rough, uneven terrain and includes two braked wheels.

Optional widening steel plates are available to carry deeper window frames and façade elements up to 250mm thick.
